

HEALTH & SAFETY DATA SHEET

31-10-2005

1) Identification of the Substance and Company Trade Name

ALKASEPT-ULTRA, CONCENTRATE
Medical Device Instrument Decontaminant

Company: ALKAPHARM UK LTD
UNITS 1 – 3
PILLATON HALL FARM
PILLATON
PENKRIDGE
STAFFORDSHIRE
ST19 5RZ

2) Composition

<p><u>Components contributing to the risk factor:</u> (Present in the preparation at a sufficient concentration to give it the toxicological characteristics it would have to be in a 100% pure state) This preparation contains no hazardous substance in this category</p>
<p><u>Other substances representing a hazard:</u> No known substance in this category present</p>
<p><u>Substance present at a concentration below the minimum danger threshold:</u> EDTA Cas 64-02-8 EDTA Concentration > 0.000% & < 2.50% SYMBOL: Xn, R: S62/38-22 S62 Alcool Gras ETHOXYLE 6-15 OE Concentration: >-0.00% & < 2.50% SYMBOL: Xn, R: S62/3822 S68 CAS 107879 – 22-1 DIDECYL-N-METHYL-POLY-OXYETHYL AMMONIUM Concentration: >-0.00% & < 2.50% SYMBOL: C N R: 34-50-22</p>
<p><u>Other Substances with Occupational Exposure Limits:</u> No known substance present</p>

3) Hazards - Identification

This preparation is not classed as Hazardous to Health by Directive 88/379/EEC.
This product is NOT classed as flammable.

4) First Aid Measures

As a general note: When in doubt or if symptoms persist always seek medical advice.

In the event of exposure of inhalation

If a large quantity is inhaled move patient into fresh air and keep warm.

In the event of contact with eyes

Wash eyes thoroughly with clean water refer for medical advice should any pain or usual impairment become apparent.

In the event of contact with skin or splashes

Remove contaminated clothing and wash skin with soap and water.

In the event of swallowing

Not intended for consumption, in the event of significant accidental ingestion refer for medical treatment and show the label.

5) Fire Fighting Measures

Not relevant

6) Accidental Release Measures

Safety precautions:

Consult safety measures heading 7 & 8

Environmental precautions:

Do not discharge into surface / ground water.

Do not discharge into subsoil / soil.

Cleaning methods:

Do not use solvents

Take up with absorbent material.

Small spills may be wasted to drain with copious water.

7) Handling and Storage

Handling (closed container).
No special measures necessary

Storage

Keep only in original container.
Store in upright position.
Protect from frost. Protect from sun.

8) Personal Protection

Technical measures

Ensure adequate ventilation

Eyes & Face Protection

Avoid contact with eyes
Use eye protectors to protect against liquid splashes

Hand Protection

For prolonged or repeated contact with the hands use appropriate gloves

9) Physical Properties

Density	-	>1
Acid base	-	slightly basic
Solubility in water	-	Soluble
Physical state	-	Fluid liquid
Flash point	-	N/A
pH level	-	11.10

10) Stability and Reactivity

When exposed to high temperatures preparation may release dangerous decomposition products such as Carbon Monoxide and Dioxide, Smoke and Nitrogen Oxide

11) Toxicological Information

The preparation contains no substance classed as hazardous per directive 67/548/EEC

12) Ecological Information

The product is rapidly biodegradable

13) Advice on Disposal

In accordance with regulations for special waste.

14) Transport Information

Exempt from transport classification and labeling

15) Regulatory Information

This preparation classified in compliance with the directive 88/379/EEC and its adaptations

Particular Hazards associated with the preparation and safety recommendations:

S2 Keep out of reach of children

16) Other Information

Recommended Use: Cleaner/ disinfectant for non-disposable medical/surgical instruments.
The product must not be used for any purposes other than specified without first obtaining written handling instructions
